

Helensburgh Sailing Club Moorings Agreement and Registration

Helensburgh Sailing Club has signed a minute of agreement with the Crown Estate Commissioners with respect to the club mooring area off Helensburgh Sailing Club. This agreement gives HSC member's exclusive rights to moor within this area subject to certain conditions agreed with the Crown Estate Commissioners.

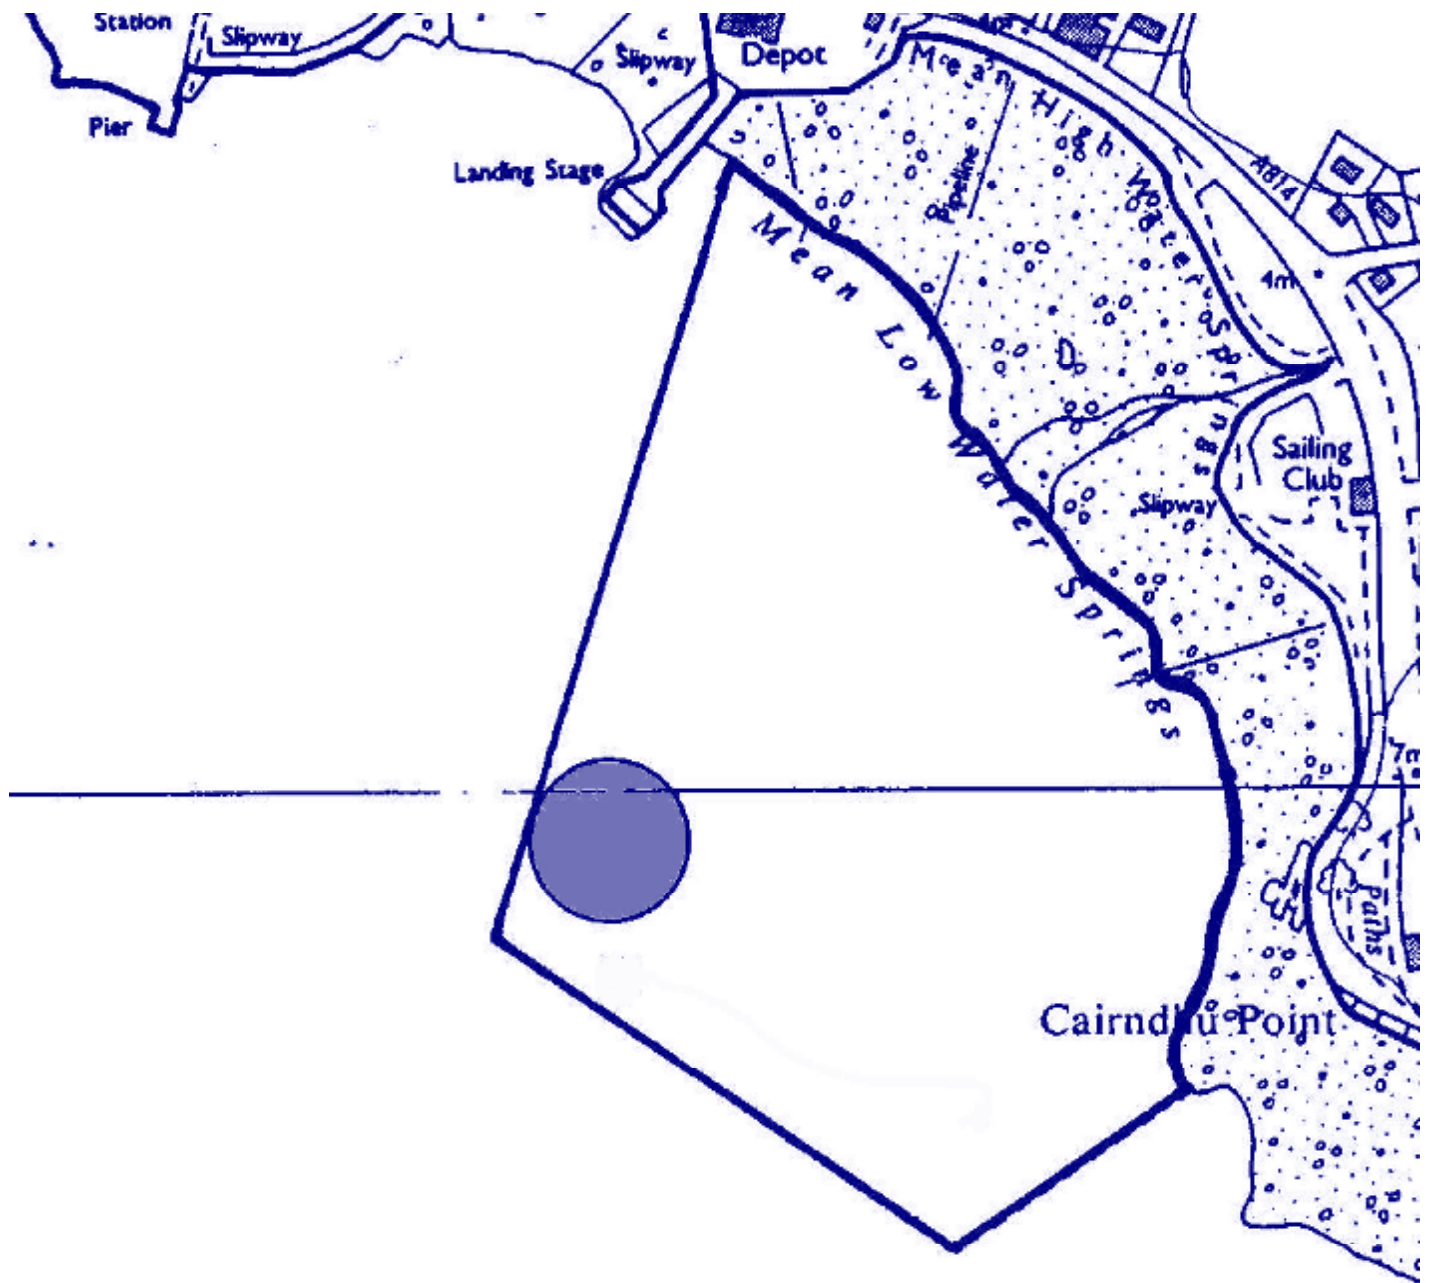

The Area is as shown on the adjacent plan. The shaded circle in the SW corner is the intended visitors anchorage area and members should not lay moorings in this area.

No one other than a member of HSC or a permitted visitor may use a mooring laid in the HSC mooring area. Mooring fees intended to generate gain over the Crown Estate Commissioners licence fee are not permitted.

Members laying and licensing moorings within this area are required to conform to this agreement in general and specifically as follows:

1. To maintain and keep the mooring in good, safe and substantial repair.
2. To display an individual identification number, issued/authorised annually by HSC, on the surface buoy attached to the mooring.
3. To carry adequate insurance to indemnify Helensburgh Sailing Club against all actions, proceedings, claims, demands, costs and expenses in consequence of any fault or defect in the mooring.
4. To alter the position of the mooring or substitute another mooring to another position as may reasonably be required by Helensburgh Sailing Club. The altered or substituted mooring shall be subject to the conditions of the originally laid mooring. Costs and expenses in consequence of any such move will be borne by the mooring holder.
5. On termination of HSC membership or non-renewal of the annual mooring licence fee, the mooring holder will within one calendar month at their expense remove the mooring. If in default thereof the mooring may be removed by Helensburgh Sailing Club at the expense of the mooring holder.

Moorings holders are requested to annually confirm that they have read, accept and comply with the terms of this agreement.
